EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Schneck on 2/23/07.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claim 19. During the conversation with Attorney David M. Schneck, applicant's representative cancels claim 19. Accordingly, claim 19 has been cancelled.

The following is an examiner's statement of reasons for allowance:

Claims 11-14, 16-18 are allowed because none of the prior art alone or in combination teaches or suggests the particular subset of the process steps in forming a film stack on the substrate comprising a pad oxide layer disposed on the substrate, a first nitride layer disposed on the pad oxide, a first polysilicon layer disposed on the first nitride layer, and a second nitride layer disposed on the first polysilicon layer, and an isolation oxide layer formed on the second nitride layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
